

The conference will be held as PST2020 Web conference

May 19-20, 2020

Web Conference 

Keynote speakers and program

PST2020 acknowledged for Kasem Pangsiwong Foundation

The Chairman Invitation Message

Dean, College of Pharmacy, Rangsit University and Dean, Faculty Pharmacy, Siam University.

Dear colleagues,

On behalf of the Organizing Committee, I am very pleased to invite you to participate in the International Conference and Exhibition on Pharmaceutical Sciences and Technology 2020 (PST2020). This conference will be held as PST2020 Web conference, on 19-20 May 2020. The main theme of the conference is **"Innovation in Pharmaceutical Sciences"**. The interesting topics involve in Pharmaceutical manufacturing technology and engineering; Preformulation and physical pharmacy; Pharmaceutical nanotechnology; Drug delivery, drug design and development; Biotechnology, biopharmaceutical process and development; Biopharmaceutics and pharmacokinetics; Quality assurance and management; Cosmeceuticals and cosmetics; Natural products and phytochemistry; Medicinal chemistry and analytical chemistry; Pharmacology and toxicology. The new trends in pharmaceutical sciences will be directed through plenary, keynote and invited lectures that will be given by internationally recognized experts.

I expect that this conference will be a gathering of interdisciplinary researchers from academia, industry and government, and presents a tremendous opportunity for sharing scientific concepts, inspiring young researchers and creation of international network and knowledge exchange leading to the promising development of pharmaceutical sciences. Your presence at this conference is important to us and we look forward to seeing you there.

Assistant Prof. Thanapat Songsak

Dean, College of Pharmacy, Rangsit University. PST 2020

Dear colleagues,

It is my great pleasure and honored to welcome you all to this auspicious occasion, International Conferences and Exhibition on Pharmaceutical Sciences and Technology (PST2020)

Firstly, I would like to briefly go through the conference outline is Pharmaceutical manufacturing technology and engineering; Preformulation and physical pharmacy; Pharmaceutical nanotechnology; Drug delivery, drug design and development; Biotechnology, biopharmaceutical process and development; Biopharmaceutics and pharmacokinetics; Quality assurance and management; Cosmeceutical and cosmetics; National products and phytochemistry; Medicinal chemistry and analytical chemistry, pharmacology and toxicology.

We have been working dedicatedly to ensure that all the programs in this conference are of interest to all participants and with high quality. We sincerely hope you will enjoy both 2 days of our conference and also positively think that the outcome from the great collaboration from every participant will create great and useful insights as well as lead to an excellent platform to promote and broaden the collaboration.

We highly appreciate and thank you all country representatives for your valuable contributions. This meeting would not have been successful without an excellent cooperation from every country. We are also very grateful for the impressive from all excellent presentations and all supports and any valuable recommendations.

We look forward to seeing you again very soon.

Associate Professor Chalernsri Pummangura

Dean, Faculty Pharmacy, Siam University. PST 2020

Main hosting organization

Thai Industrial Pharmacist Association (TIPA)

College of Pharmacy, Rangsit University

Faculty of Pharmacy, Siam University

Co-hosting organization

1 Faculty of Pharmacy, Silpakorn University

2 Faculty of Pharmacy, Srinakharinwirot University

3 Faculty of Pharmacy, Huachiew Chalermprakiet University

4 Faculty of Pharmacy, Thammasat University

5 Faculty of Pharmaceutical Sciences, Naresuan University

6 International Society for Pharmaceutical Engineering (ISPE) Thailand Affiliate

Supporting organization

[1 Kasem Pangsiwong Foundation](#)

2 Thailand Center of Excellence for Life Sciences (TCELS)*
